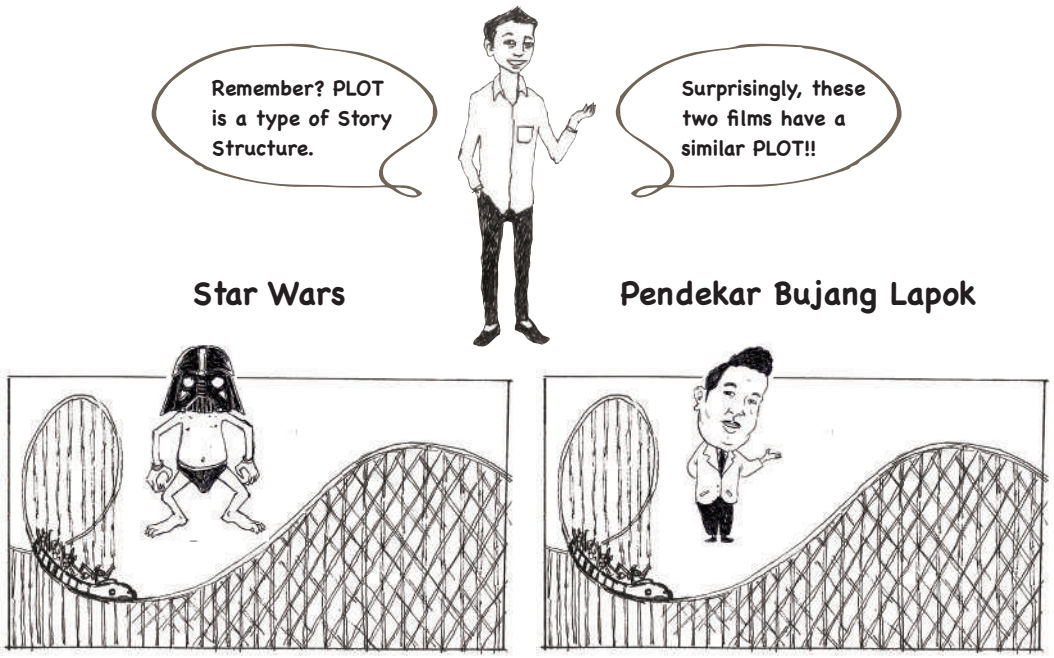
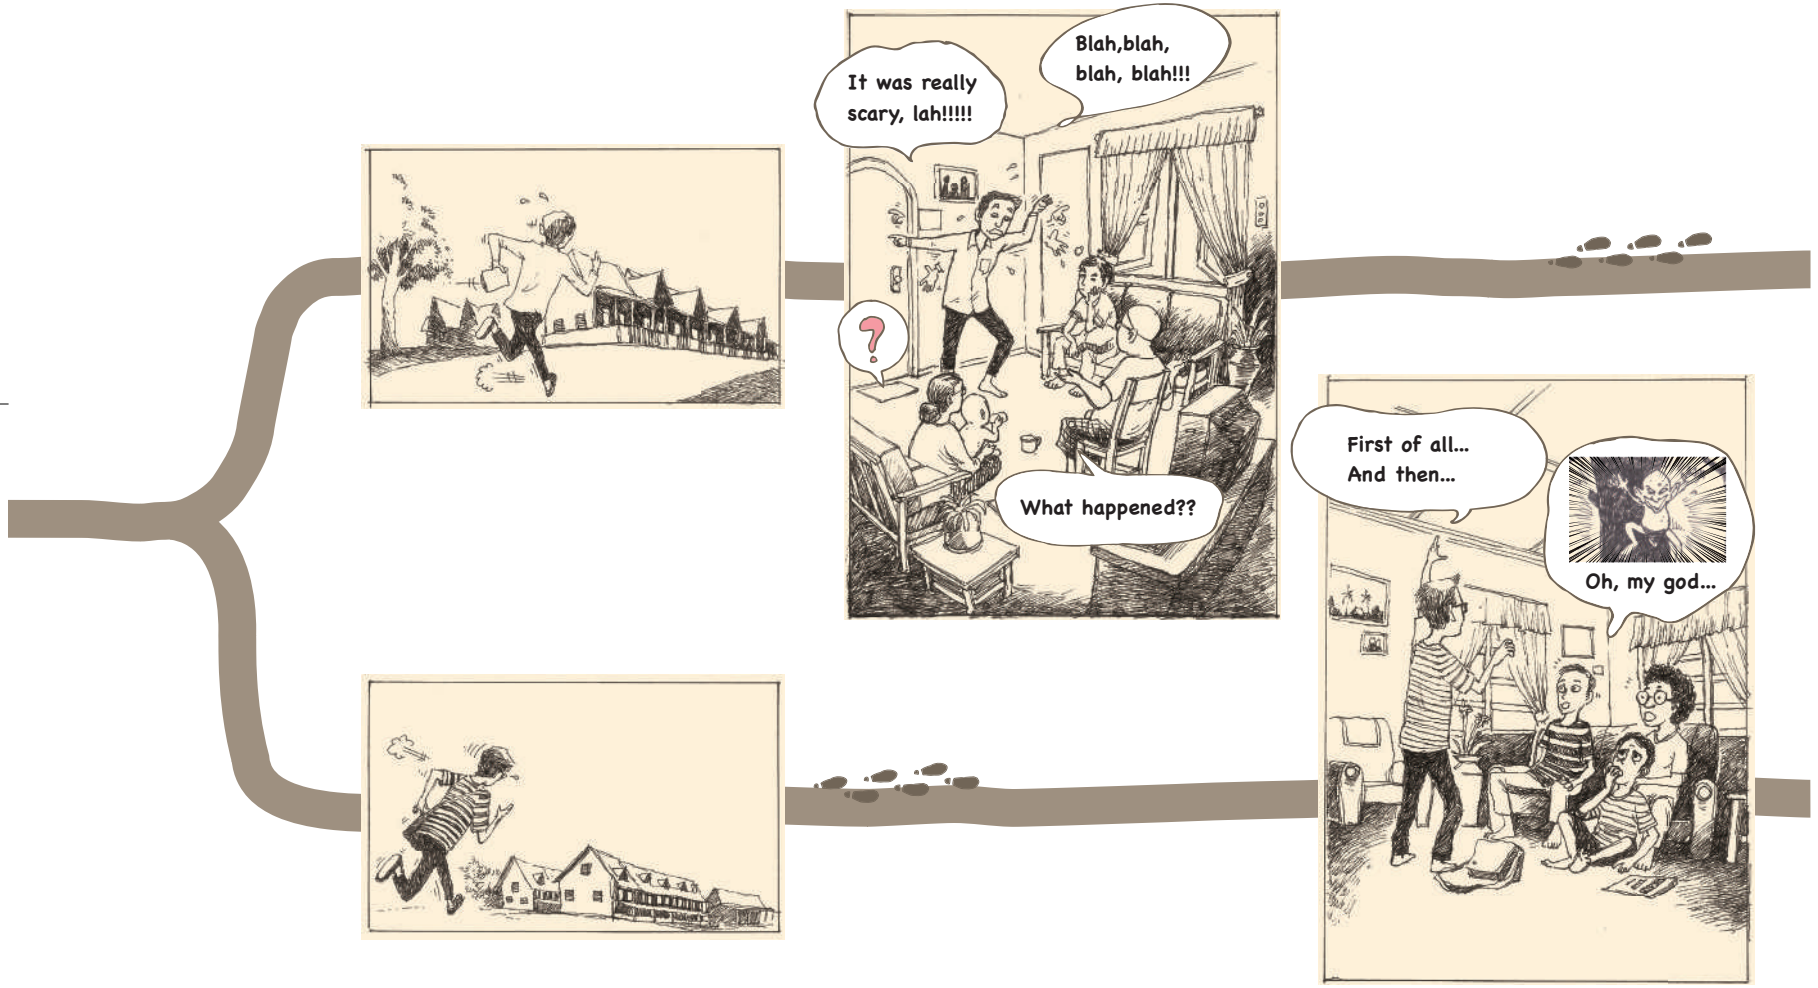
SIMILAR PLOTS



Instead of classifying different types of story according to Genre or Subject, you can classify them according to the **PLOT**.
Then learn about the rules of each **PLOT** and use it as a template for your story. When you replace one subject with another, your story can look very different, even though the PLOT is the same. That means... there are countless possibilities to create a story from one **PLOT**!!!



It was really scary, lah!!!!!
Blah,blah, blah, blah!!!
?
What happened??
First of all...
And then...
Oh, my god...
